## **Grade 4 Science/Art/LA**

**Storyline:**

*Shining His Love through the Story we tell.*

**Throughlines:**

*Community Builders*

*Beauty Creators*

**Deep Hope:** Our Deep Hope is to **nurture joyful learning, serving** and **growth** in a **vibrant community** that is rich with **kindness** and **grace**; and that through this, students would **delight** in their **identity** as a **precious child of God**, and celebrate their role in **His Story**.

**Science:** *Life cycle of plants*

**Art:** *Design and colour*

**Bible:** *Blessing others through being Community Builders and Beauty Creators*

**FLEx Story:** Grade 4 students and staff want to tell a story of loving our neighbours and making the world a more beautiful place. We recognize the impact that our school makes in our community, which is not always positive, such as increased traffic. We want our neighbours to know that we appreciate them and care about them. By painting pots, growing flowers, and writing poems, we were able to thank our community neighbours and show them love and care. We then delivered them to the houses around our school.

### **Student Reflections:**

*"It felt nice to be a Community Builder! Even if they didn't answer the door, we left it as a nice surprise!" -Lanae N*

*"We had a lot of fun giving these plants away to make these people happy! They may not be able to go shopping for plants on their own. The people's faces lit up when they got them and you could tell that they loved it!"- Nathan D*

**Teacher Reflections:** *It was incredible to see our grade 4 community bless others through the gift of pretty pots and flowers. When people answered their door, they were so surprised! Some people were leary, or thought that the kids wanted money. They were so delighted to realize that this was a free gift! The school also got phone calls and emails of thanks. What a joy to be able to tell a story of blessing others!*
