

King Christian School, located in the Bradford/Holland Marsh area in a brand new facility, is searching for a principal who is passionate about leading with vision, promoting Christian education, and building community within and outside the school.

King Christian School's mission is to equip students to positively impact society through a Christ-centred education in a supportive and dedicated community. We are looking for the person who feels a strong calling to a career as a Christian school administrator. We desire a candidate who freely expresses his/her own faith, believes in relationship building with the staff and community, has strong organizational skills and who will build on our high standard of education by encouraging 21st century skills, responsive classroom structures, and differentiated instruction.

This position is 100% administrative, but we value candidates who have both teaching and administrative experience. The ideal candidate will possess a teacher's certificate recognized by the Ontario College of Teachers, a Christian School Teacher's certificate, and either has or is working towards principal certification. A Masters in Educational Administration would also be a valuable asset.

A full prospective candidate profile is available upon request. Please send your resume, a statement of faith, and your philosophy of Christian education to Greg Brazas, Search Committee Chairperson by email at greg.brazas@kingchristian.ca by February 28, 2019. School Website: www.kingchristian.ca
