MUSIC TEACHER

Combine your passion for teaching with west coast mountain culture! Bulkley Valley Christian School is seeking a music teacher for the 2023-24 school year. BVCS is a K-12 school and Distributed Learning school, together serving approximately 270 students located in Smithers, British Columbia.. Mountain culture and a unique downtown vibe allow you to combine your passion for teaching with mountain outdoors, boutique shops and a vibrant arts scene. Smithers is well-connected with daily flights to Vancouver and a natural outdoor playground that you won't want to leave. Here you can paddle board, ski, fish, golf, hike and hunt after the school bell rings and still be home on time for dinner! Benefit from our hiring incentives including help with moving expenses, a signing bonus, and assistance with housing.

We are looking for a vibrant, energetic person who can continue to move our music program going forward. While this is not a full-time position in itself, a successful applicant could combine this with other teaching in the schedule (to make this a FTE). We want a person with a knowledge of 21st Century learning and the BC Education Plan, who have a passion for Christian education and a heart for students. We value flexibility, positivity, and a passion for professional growth. We desire teachers who will view their work at BVCS as a calling, and who embrace the community and character of our wonderful school.

Wondering what it's like to live and work in beautiful Smithers, BC? [WATCH](#)

Required:

- BC teaching certification (or the ability to hold such a certification)
- Involvement in a Christian church

Please submit the following to Chris Steenhof, Principal (csteenhof@bvcs.ca). Electronic submissions only.

- Letter of application
- Resume including 3 references
- One page philosophy of Christian Education (how your faith connects to your calling as a teacher)
