

Responding to a School Emergency

A Resource for Member Schools and Subscribers

PUTTING AN EFFECTIVE PLAN IN PLACE

“Schools are places where emergency preparedness is critically important to the well-being of students and employees and to the confidence that parents feel in entrusting their children to the care of educators in BC schools.”

BC Ministry of Education

POLICIES + PROCEDURES

Prepare, Mitigate, Respond and Recover from Emergencies, Disasters and Critical Incidents

School emergencies may occur anytime and anywhere. It is important for schools to ensure that they are prepared before an emergency happens. This resource is designed to help schools and their Emergency Management Teams navigate the process of critical incident planning and stimulate thinking about the process. Every school community has its own culture and way of being: emergency plans need to fit the unique needs of your independent school community.
